Note to the public

Hello this is Website and Communication Support, my name is Gabriel LaValley. I would like to take the time to say sorry for the delay of the Nawash Ezhwebak. We have experienced some difficulties with the transition of maintainers but, everything has been fixed and I look forward to working with the community to share information.

Newsletter Transition

Currently the newsletter is in transition. And the Website and Communications Support is now responsible for it's activities.

The transition will cause the following to change:

- Maintainer
- Contact info
- Type of newsletter (paper copy /PDF)
- Layout of the newsletter

All these changes have been applied to the back of the newsletter.

Newsletter Operations

Due to the transition, we are no longer going to distribute the newsletter in paper form. If you are still interested in getting a paper copy please contact the new maintainer Gabriel LaValley at newsletter@nawash.ca

This change has been proposed for the April 30 newsletter.

If you have any questions or concerns please contact the number on the back.

Employment opportunities at Bruce Power

Job postings are updated regularly. For employment opportunities at Bruce Power, please visit www.brucepower.com/careers and apply online.

Bruce Power is pleased to announce we have developed an Aboriginal Development Student program for 2014. If you are interested in learning more about this opportunity or being considered for a term on site, please contact Donna Jackson at the Saugeen Band Office, Education Department or Emma Paul, HR Recruiter at emma.paul@brucepower.com or 519-361-4418.

Sports bursary recognizes accomplishments

Bruce Power and the Owen Sound Attack coordinated once again this year to offer an Aboriginal Sports Bursary recognizing community service, athletic accomplishments and solid academic efforts. Nominations were received from both communities of Nawash and Saugeen First Nation and winners were selected by a panel of judges from Bruce Power and the Owen Sound Attack.

Congratulations to Matthew Chegahno and Spencer Linklater of Nawash First Nation and Kyla Roote and Donovan Kewageshig of Saugeen First Nation on winning this year's bursaries!

Bruce Power commemorates earth week with activities

To commemorate Earth Week 2014, Bruce Power is eager to demonstrate our commitment to our natural environment through a fun and interactive series of activities and initiatives on and off our site during the week of April 14 to 22 all around the theme of Green Communities.

At the forefront of this objective is a common desire to make our site and local communities more sustainable with a focus on reducing our overall carbon footprint. The three sub-themes within this year's campaign are in line with Bruce Power's comprehensive outreach strategy and include energy literacy, energy conservation and waste stewardship.

The activities our staff and volunteers will be a part of include being Eco-Mentors at the local schools, an e-waste recycling program at our Visitors' Centre, a litter pickup campaign on our site, a carpool initiative and energy conservation activities.

Bruce Power offering summer bus tours

Bruce Power is expanding its public outreach this summer. The world's largest operating nuclear site will offer bus tours. The one-hour tours of the site will include a view of Douglas Point, Canada's first commercial-sized nuclear plant, and a drive past the multi-unit Bruce A and Bruce B nuclear stations. The tours will not go through the security-protected generating stations, but will point out some of the extensive security elements that protect both stations.

The summer program is planned for Wednesdays and Thursdays in July and August, at 1pm and 2pm.

Interested individuals or groups can call the Bruce Power Visitors' Centre at (519)-361-7777 or email info@brucepower.com to reserve space.

Bruce Power donates \$70,000 to help build playground at Nawash School

Bruce Power donated \$70,000 towards the purchase of playground equipment for the newly opened school at Cape Croker. The school opened last fall and was in need of playground equipment, which is not funded by the school board. Staff from Bruce Power recently visited the beautiful facility, talked to students and teachers and presented the cheque.
